

SUBMITTING SHOW RESULTS

*It is recommended that your show results be submitted electronically. E-mail results must be the same format as submitting the results on a diskette. Use .dta or .txt to name your files.

Example: tucson1.dta.

*If you prefer to use a roster to submit your show results, we recommend that you send it via e-mail.

*If electronically submitted or a hand written roster, please make a backup of your file or a copy of your roster in case either is lost or destroyed in the mail or e-mail.

*A list of approved software companies that offer show results programs is available by contacting LeAnn Fast at 817-834-2742 ext 244 or lfast@apha.com. See electronic specifications elsewhere in this manual or CD. If you are using one of the approved software programs, your results will automatically meet the electronic specifications.

*We have also provided you with a list of tips for submitting electronic show results.
